

Exercise Three: Fall 'Readings' App

DUE DATE: October 17, 2022 at 9:30AM

SUBMIT TO: GitHub/Moodle

Task: Create an app that provide a list of at least 6 media, including movies/podcasts/books, that you recommend for fall. Choose content according to your own criteria. Organize the list(s) in the app using Framework7 components to support pages and navigation.

Content:

- Min 6 media recommendations, if you'd like more in the list(s) feel free to use placeholders.
- Include name, short description, link to 'watch', 'read', etc.
- Organized by theme or type.

Technical Requirements:

- Framework7 components of your choice (pages, panels, cards, tabs) etc.
 - Customized styling (shouldn't look like default Framework7)
 - Git Version Control
-

Submission

Push your completed app to a gitHub repository and submit the repository URL to Moodle. If the repository is private, be sure to add me as a contributor.
